

EXP NO 6: CREATE A SIMPLE CLOUD SOFTWARE APPLICATION FOR PRODUCT SELLING USING ANY CLOUD SERVICE PROVIDER TO DEMONSTRATE SAAS.

AIM: To create a simple cloud software application for product selling using any cloud service provider to demonstrate saas.

PROCEDURE:

Step1: Go To Zoho.Com.

Step 2: Log Into The Zoho.Com.

Step 3: Select One Application Step.

Step4: Enter Application Name As Product Selling.

Step 5: Created New Application As Product Selling.

Step 6: Select One Form

Step 7: The Software Has Been Created.

IMPLEMENTATION:

The screenshot shows a Zoho application interface for 'Property Buying & Rental'. The title bar displays the application name and a trial status: 'Trial expires in 15 days'. The main area contains a form titled 'porperty'. The form fields are as follows:

- Name: christilla sweety JS
- Email: christillasweety18@gmail.com
- Phone: +91 09944955794
- Address:
 - Address Line 1: Saveetha Institute of Medical and Technical
 - Address Line 2: Saveetha school of engineering
 - City / District: thandalam
 - State / Province: Tamil Nadu
 - Postal Code: 600001
 - Country: India
- Address Line 1 (empty field)

The sidebar on the left shows a navigation menu with 'porperty' selected. The bottom left corner features a user profile icon with the initials 'C' and the name 'CHRISTILLA JS'.

OUTPUT:

The screenshot shows a web-based application interface for "Property Buying & Rental". The title bar indicates a trial period of 15 days remaining. The main menu on the left includes "Property Buying & Rental", "porperty" (which is selected and highlighted in blue), and "porperty Report". The right side of the screen displays a form for entering property details. The fields include:

- Name: christilla sweety JS
- Email: christillasweety18@gmail.com
- Phone: +91 09944955794
- Address: Saveetha Institute of Medical and Technical
Address Line 1: Saveetha school of engineering
Address Line 2: thandalam
City / District: Tamil Nadu
State / Province: India
- Postal Code: 600001
- Country: India
- Address: (empty fields for Address Line 1 and 2)

A user profile icon at the bottom left shows the initials "C" and the name "CHRISTILLA JS".

RESULT:

Thus a simple cloud software application for product selling using any cloud service provider to demonstrate saas was done successfully.
